

Nick Dietrich

Director/DP/ Camera Operator (Canada / USA)

Email: nickdietrich20@gmail.com Cell: 1-250-204-1961 Website: <https://nickdietrich.ca/>

What keeps me coming back to creating films is the love of making an emotional connection with people. I have a keen interest in all things film production and am eager to continue to be involved in helping others tell their stories. I have been shooting/directing content and commercials for businesses and brands since branching out on my own in 2017 and have had the opportunity to take on various roles depending on the project.

OTHER WORK EXPERIENCE

DOP/Camera Operator - Freelance (Present)

- Work in challenging outdoor locations while managing multiple cameras and sound recording devices.
- Follow direction from production companies & direct contributors to fulfill shooting scripts.

Owner/Operator - Odeo Studios (2017- Present)

- Worked directly with clients to create concepts campaigns, commercials, & content that aligned with brand image and company goals.
- Assumed the roles of Director & DOP when needed for the project.
- Hired crew that fit the needs for specific projects.

Creative Coordinator - Tigé Boats (2015 - 2016)

- Concepted & produced photo and video content that aligned with desired brand image
- Operated cameras for our main product shoots and made critical lighting decisions in the studio to align with branding.
- Head of video production team where I planned and shot campaigns and product videos
- Worked in difficult working environments for our main product shoots every year. We shot mostly on the water to showcase the boats in action as well as shooting in a studio environment to show specific features in a more controlled and beautiful way.
